CPD APPROVED

Objectives

Ear, Nose & Throat will bring together leading experts in the fields of otology, laryngology, rhinology, head and neck surgery and skull base surgery / neuro-otology and paediatric otolaryngology. This will provide a unique opportunity to discuss the current issues, latest developments and practical management of a wide variety of subjects.

It is anticipated that participants will specifically benefit from:

- Individual sessions focusing on specialist topics within the wide spectrum of otorhinolaryngology
- A comprehensive overview of the current clinical issues within the specialty
- An update on the management of both malignant and benign disease
- A practical understanding of advanced endoscopic procedures including pituitary surgery
- Practical advice on dealing with common problems in paediatric ENT
- An opportunity to openly share and exchange ideas with leading practitioners in the field

Who should attend?

Ear, Nose & Throat is aimed at all medical professionals involved in this field. It will be of particular interest to the following:

- Consultant ENT Surgeons
- All ENT Trainees
- SAS doctors within ENT Surgery
- General Practitioners with special interest within ENT
- Specialist nurses in ENT
- Oral and maxillofacial surgeons
- Plastic Surgeons
