Objectives

Advances in Emergency

Surgery will bring together leading experts in general surgery, vascular surgery, upper GI surgery, lower GI surgery, endoscopy and interventional radiology to discuss the clinical advances in and practical management of surgical emergencies.

It is anticipated that participants will benefit from:

- A raised awareness of the evolving role of the emergency surgeon and what this will mean for the future
- A greater insight into ways to optimise the delivery of emergency care
- Comprehensive overviews of common surgical emergencies including focussed sessions on general surgery, vascular surgery, upper GI surgery and lower GI surgery
- In depth panel discussions giving the audience an opportunity to submit personal case-studies for discussion with the expert panel

Who should attend?

Advances in Emergency

Surgery is aimed at all surgical professionals and will be of particular interest to:

- Emergency surgeons
- General surgeons
- Vascular surgeons
- Upper GI surgeons
- HPB surgeons
- Lower GI surgeons
- Interventional radiologists
- Interventional cardiologists
- Endoscopists
- Surgical directors
- Theatre nurses
- Theatre managers
- Anaesthetists
- Specialists in emergency medicine
- All trainees in these disciplines

Call for cases

The primary aim of each panel discussion is to discuss both routine and unusual cases that are encountered as a surgeon on-call.

This is an opportunity to ask questions, raise concerns and seek advice from a panel of experts.

All attendees are invited to submit a brief summary (400 words max) of an interesting clinical case.

Cases should be submitted via email to conferences@markallengroup.com by Friday 20th August.
